

Insurance Eligibility Checking

We are pleased to announce that RHS is currently offering the following tools for checking insurance eligibility for your residents:

Option	Description	Availability
1	270/271 Medicaid Eligibility checking – all residents.	Now
2	270/271 Medicare add on – all residents.	2 nd quarter 2015
3	Seek© Insurance Eligibility Checking – Individual residents.	Now

Option 1: 270/271 Medicaid Eligibility Checking:

A file containing a list of all residents in your facility with Medicaid numbers on file is submitted. The system checks each resident's eligibility and provides a list of eligibility changes. The system also stores eligibility information for future comparison.

Option 2: 270/271 Medicare add-on:

A file containing a list of all residents in your facility with Medicare numbers on file is submitted. The system checks each resident's eligibility and provides a list of eligibility changes. The system also stores eligibility information for future comparison. **Note: An additional fee is payable directly to the clearing house.**

Option 3: Seek © Insurance Eligibility Checking:

In VISUAL select a resident and each of his/her insurance classifications including Medicaid (MLTC), Medicare and HMOs are checked. Various information including policy numbers, eligibility dates, levels of care and NAMI, if appropriate, are displayed. Ideal for preadmissions, new admissions and readmissions. Facility must be licensed for at least one resident related VISUAL software module (e.g., census, MDS, therapy, etc.).
